## Cobalte

### Cobalte Vodka

Vintage	N/A
Country of Origin	France
Region	Champagne
Grape varieties	Chardonnay, Pinot Noir, Pinot Meunier

#### Wine description

Cobalte is made using a combination of Chardonnay, Pinot Noir and Pinot Meunier grapes sourced in the Montagne de Reims. It is a terroir vodka that fuses minerality, roundness of fruit and freshness, bringing balance and a silky-smooth finish. It is made exclusively from handpicked ripe, healthy grapes that are vinified and then distilled, with their lees, five times. This unhurried process helps to infuse Cobalte with its personality and identity, producing a French vodka of extraordinary purity and finesse.

#### Tasting note

The palate is soft and creamy, with a delicate fruitiness that works well in classic cocktails or simply over ice.
