Wine description

The appellation of Morgon is situated entirely within the parish of Villié-Morgon. Here the soil sets its wines apart from the other Crus with a higher percentage of sand and shale due to the particular way in which the local schist layers have weathered. Consequently the wines are firmer and darker in colour than the other Crus.

Tasting note

This wine is fresh and juicy. The nose reveals aromas of black fruits such as blackcurrant and blackberry. On the palate a lovely smooth texture backed up by very seductive juicy black fruits, rose and cocoa.
