## Springs Chardonnay North Canterbury (Special Release)

### Pyramid Valley

Vintage	2020
Country of Origin	New Zealand
Region	Northern Canterbury

#### Wine description

The Pastures Collection celebrates the incredible diversity of plants found in the pastures within and around the vineyards. This biological diversity builds incredibly resilient and healthy ecosystems and is at the heart of regenerative viticulture, of which biodynamics is a version.

#### Tasting note

This wine is fresh and vibrant. On the nose summer fruits aromas mixed with complex mineral notes. Concentrated palate of ripe stone fruits and great texture and weight followed by a salty mineral drive that reins in the wine giving it great balance and length.
